REFERENCE

PROFILE

I am a highly skilled and motivated Web Developer. Proficient in front-end and back-end development with a strong command of modern web technologies including HTML5, CSS3, JavaScript, React, and Python. Adept at problem-solving, with a passion for delivering clean, efficient code and a user-friendly experience. Experienced in working with cross-functional teams to deliver high-quality digital solutions on time and within scope.

WORK EXPERIENCE

Bakeel Metal 2025 - 2029
AutoCad Intern

- -Assistant CAD operator.
- -Creating design from some of the customers.
- -Programming the design into the machine.

Chrisimm Sentimo Kumon 2023-2024
Web Developer & Video Editor Intern

- Web Development: Assisted in the design, development, and maintenance of responsive websites. Collaborated with the team to implement front-end features using HTML, CSS, and JavaScript. Contributed to back-end development with basic server-side logic using [your chosen technology, e.g., PHP], enhancing website functionality.
- Video Editing: Edited promotional videos, tutorials, and other multimedia content using Adobe Premiere Pro and After Effects. Improved video quality by adding graphics, animations, and sound effects.
- Worked closely with the marketing team to ensure seamless integration of multimedia content into websites and social media platforms.
- Gained hands-on experience in project management and multitasking between web development tasks and video production deadlines.
